## **PRESS RELEASE – Embargoed to**

**16:00 Tuesday 27<sup>th</sup> March 2018**

### **LEEDS WEST ACADEMY SIXTH FORM TO CLOSE IN SUMMER 2019**

Present Post-16 provision to be discontinued in 2019 as part of a continued focus on 11-16 learning outcomes

**Leeds West Academy** and **The White Rose Academies Trust** has announced intentions to discontinue its **Sixth Form provision in July 2019**, following **full completion of all courses by its present Year 12 and Year 13 cohort**.

Due to decreasing Post-16 application numbers in recent years and the extensive resources required to meet many course preferences, Leeds West Academy has assessed that a Sixth Form provision **beyond 2019** cannot be satisfactorily offered with the exacting standards and expectations which the Academy presently delivers.

**Leeds West Academy Principal Christian Wilcocks** said: "It is with deep regret that we announce the eventual closure of our Sixth Form in Summer 2019. This is on no account a reflection of our current Sixth Form students and staff, who work tirelessly to achieve remarkable results. We're immensely proud of the achievements of Years 12 & 13 and the impact they have on our school community, especially as aspirational role models for our younger, 11-16 students."

"We do, however, realise that we must realistically offer the highest standard of education now and in the future. Our forecasts have shown that we cannot maintain overheads of a decreasing Sixth Form provision without drawing precious resource from across the school. With that in mind, we have made the difficult but necessary decision to concentrate our energies and expertise on our 11-16 age range from Summer 2019."

There have been changes in the way Post-16 students are funded in schools and colleges across the United Kingdom. Funding has gradually declined over the last two years, which has had a particular impact on small Sixth Forms such as Leeds West Academy, which presently has only **170 students on roll**.

An average Sixth Form college has approximately **1,700 students** and the average school Sixth Form has **over 200 students**. Economies of scale apply and it is prohibitively expensive for many schools to sustain an undersized Sixth Form. Often, institutions must subsidise Post-16 teaching from other funding streams, including that received for 11 to 16-year-old students preparing for GCSE.

**Christian Wilcocks**: "As we have a limited resource at our disposal for Sixth Form, the breadth of the subjects which our students would like to follow cannot always be offered to them. This means some students often have to look elsewhere, or pick from a limited range which is not appropriate to their learning pathway toward university or employment."

"As such, many of our Post-16 students have eventually transferred to **Notre Dame College, Elliot Hudson College or Horsforth School Sixth Form**, all of which offer strong and broad **Level 3 (A-Level)** programmes of study. We are also privileged to be part of the **Leeds City College Group** as our **Trust sponsor**, whose colleges across the region offer a great range of **Vocational qualifications**, as well as an expanding range of A-Level academic study with dedicated pathways through to its Higher Education University centre."

"Leeds West Academy has strong links with each of these providers and **we will work closely with them to ensure every student has the information, advice and guidance they need to choose and secure a course, or range of courses, that is right for them and closely matches their ambitions and aspirations**. It is our guarantee that each and every student will continue to be supported in planning their own personal pathway to Education, or Employment with Training. We thank our whole school community for supporting the Academy as we continue to secure the best results and the most vibrant futures for the young people in our care."
